Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

VISION, AND SUPPORT

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

www.illinoiscog.org

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

Koinonia is, "Christian fellowship or communion, with God or, more commonly, with fellow Christians." (lexico.com)

One of the greatest losses of the CoVid-19 pandemic is fellowship. Due to restrictions, our in-person gatherings and interaction has been severely limited. In times of crisis, we are supposed to come together; instead, we have been separated.

One of the greatest strengths of the Church of God is our fellowship. We simply love to be together with our church family. Be it in the local church, District functions or State events, the fellowship DNA in our movement is treasured. With the delay of the General Assembly, State Campmeeting, Youth Camps and Minister's Meetings, many of us find ourselves at a loss. I personally believe that this lack of fellowship is dangerous for us as individuals and as a movement.

Why is koinonia so important? The Scriptures indicate that when we come together, we edify one another. The operation of our spiritual gifts and fruit serve to build up others. Our handshakes and hugs breathe life into others. Shared stories, reliving old memories and dreaming together provides much needed comfort and reassurance. Without the ability to minister to one another through fellowship, some of the basic elements of our faith are lacking.

I urge you – do not isolate yourself! You may believe no one notices. You may feel as though it makes no difference. Perhaps you think you simply don't require a lot of fellowship. But an alone Believer is a vulnerable Believer. You need me and I need you.

How may we engage in fellowship during a pandemic?

While electronic communication isn't a suitable replacement for in-person gatherings, it can serve as a viable, temporary substitute. Please participate with your church and state in the use of technology. Computers and phones are communication tools intended to be used for God's glory.

Be discerning about those who are struggling with isolation. Our enemy wants to back us in the corner, alone. Don't allow that to happen to a friend!

Monitor your emotional health. If you feel yourself disconnecting from others, be intentional and purposeful about fellowship. Call a friend. Text a Brother or Sister in Christ. Send a Facebook message or post on a friend's social media wall.

Start a virtual prayer or devotional group. I am a part of several online groups that discuss books, leadership practices and even hobbies – I find these groups to be life-giving!

We are praying for an end to the pandemic. We believe we will gather again in large groups and enjoy sweet, longed-for fellowship. But until then, we must be creative. Be reminded of your value to the family and the value of the family to you.

I John 1:3, 7

"That which we have seen and heard we proclaim also to you, so that you too may have *fellowship* with us; and indeed our *fellowship* is with the Father and with his Son Jesus Christ. And we are writing these things so that our joy may be complete. But if we walk in the light, as he is in the light, we have *fellowship* with one another, and the blood of Jesus his Son cleanses us from all sin." (ESV)

Letha and I love you and we are praying for you!
